

Oleato (Olive Oil Latte)

EQUIPMENT

milk frother
pod-style espresso machine

INGREDIENTS

1. 1.5 oz espresso
2. 1 tbsp olive oil
3. 6 oz cashew milk or oat milk

METHOD

1. Add the milk and olive oil to the milk frother.
2. Adjust the temperature to 140-145 degrees F and start the heating cycle.
3. Meanwhile, Generate one shot of espresso, dispensing into your mug of choice or transferring the espresso shot into the mug after it brews. Option: place an espresso pod into your machine or make it with an espresso maker
4. When the milk is finished steaming and frothing, gently pour into the mug. Serve hot and enjoy.

Purposeful Edna Valley...

is a partnership between Owner Laurie Sances & Ag Educator Wendy Minarik, long time SLO county residents.

In 2023 we saw an opportunity to put a mature olive grove into production to fund an endowment & business experiences for Ag students.

We are dedicated to manifesting this goal to deserving California students interested in furthering their training in agriculture science & education to realize their dreams.

Thank you for supporting our mission to empower the next generation of Ag leaders through access to quality education and opportunities for professional growth.
